PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with hands-on experience in front-end and full-stack development. Skilled in React.js, JavaScript, and modern web frameworks. Proficient in building scalable APIs, containerized deployments, and backend services. Demonstrates strong problem-solving, adaptability, and collaboration in delivering robust technical solutions.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS

Backend: Node.js, MongoDB

Version Control: GitHub

PROFESSIONAL EXPERIENCE

MintSurvey   **May 2025 – Sep 2025**

Full Stack Developer

- Developed and maintained internal web-based tools and dashboards using React.js and Node.js.
- Integrated REST APIs and third-party services for data-driven workflows and automation.
- Designed and deployed scalable backend services with Express.js and MongoDB.
- Utilized Git for version control and collaborated via Agile development using Jira.

Divine Infotech   **Sep 2024 – Mar 2025**

Full Stack Developer Intern   *Pune, India*

- Developed responsive UI components using React.js and integrated APIs to fetch dynamic data.
- Utilized React Hooks to manage local and global state efficiently.
- Collaborated with senior developers to debug features and optimize performance.
- Participated in Agile team discussions, sprint planning, and daily standups.

PROJECTS

Rent Agreement Platform | Next.js, MongoDB   **rentagreementwithus.com**

- Built a full-featured digital platform enabling users to submit rent agreement details through a secure form.
- Implemented OTP-based authentication for secure user login and document access.
- Developed an admin dashboard to view submissions and automatically generate agreements in PDF format with uploaded images.
